

UPDATE 1st September 2021

Our Reconciliation Action Plan (RAP) journey began in December 2019 with the registration of a *Reflect* RAP with Reconciliation Australia. The *Reflect* RAP was a 12-month program designed to help us prepare future RAP's that were *meaningful, mutually beneficial and sustainable*.

The next step in the RAP Framework is to develop an *Innovate* RAP. That process begun for us in May 2021 with the registration of our commitment with Reconciliation Australia to advance to an *Innovate* RAP. We aim to have our plan formally endorsed by Reconciliation Australia before the end of 2021.

Innovate

– *Implementing reconciliation*

An Innovate RAP outlines actions that work towards achieving your organisation's unique vision for reconciliation. Commitments within this RAP allow your organisation to be aspirational and innovative in order to help your organisation to gain a deeper understanding of its sphere of influence, and establish the best approach to advance reconciliation. An Innovate RAP focuses on developing and strengthening relationships with Aboriginal and Torres Strait Islander peoples, engaging staff and stakeholders in reconciliation, developing and piloting innovative strategies to empower Aboriginal and Torres Strait Islander peoples.

ACKNOWLEDGEMENT OF COUNTRY

The images in our RAP are of the land and sea traditionally owned by the **Bunurong** people, near Cape Paterson, Victoria. These lands include the location of our Wonthaggi and Leongatha offices.

We acknowledge the traditional ownership of all of the lands on which our offices are located and on which we work. We pay our respects to the Elders, past, present and emerging.

Our business

Beveridge Williams is an employee owned professional services company specialising in the land development and infrastructure sector. Its services include Civil Engineering (design), Land Surveying, Town Planning, Project Management, Environmental Assessment, Landscape Architecture, Urban Design, Surface Water Engineering and Traffic Engineering.

The Company was established in 1961 in Melbourne and now employees approximately 300 people. Beveridge Williams' head office is located in Melbourne and has offices in Sydney (CBD and Miranda), Tuggerah, Ballarat, Wonthaggi, Leongatha, Warragul, Traralgon, Sale and Bairnsdale. The geographic spread of the regional offices in Victoria allows Beveridge Williams to service all of Victoria and is a significant part of the Company's identity. Our Sydney and Central Coast offices are the beginnings of our plans to provide our services across all of Sydney and beyond.

Our work in land development and infrastructure creates opportunities to engage with First Australians to understand and protect Cultural Heritage values on the lands on which we work. This engagement provides the potential for all of our employees to gain a deeper knowledge of the ancient cultures that existed on this land prior to European settlement and the connection to country that was, and continues to be, so important.

From our Managing Director

It is with great excitement that we are committing our company, Beveridge Williams, to making a meaningful contribution towards Reconciliation. Australia's history is so much more than the last 250 years. Modern Australia, and what it means to be Australian, must recognise the rich cultures of Aboriginal and Torres Strait Islander peoples for our story to be whole. There needs to be an honest telling of the impacts of colonisation on Australia's First Peoples, a recognition of injustices, and an optimistic belief in our common and shared future. It is on a platform of truth and respect that real progress will be made.

We look forward to the guidance that the RAP Framework provides in making connections, furthering our understanding, and taking constructive action that helps promote reconciliation.

Our RAP

Beveridge Williams senior management is firmly of the view that reconciliation will enrich Australia. However, goodwill alone will not contribute meaningfully to reconciliation. The RAP framework created by Reconciliation Australia provides a roadmap for companies like ours that want to make a difference but don't know where to start.

Our Reflect RAP is our first step in converting goodwill to tangible influence. We are confident that the connections that will be made and the knowledge gained will foster support and advocacy for reconciliation amongst our employees, their friends and families. The connections made will also create opportunities for our company to support Aboriginal and Torres Strait Islander peoples on our shared path towards reconciliation.

Support for reconciliation is growing in Australia and our Senior Management team wants Beveridge Williams to be a company committed to contributing to that objective.

Our RAP will be driven by our Senior Management Team comprising;

Grant Hailes, Managing Director

Andrew Busse, Director

Kellie Hassab, Director

Tiffany Su, Manager Finance

Peter Toole, Director

Bernard Collins, Manager Design & Strategy
